Work History

2022-12 -
Current

IT Instructor

AKRSP Pakistan, Gilgit city

Working in the AKRSP (Aga Khan Rural Support Programme) team as an IT Instructor has been a rewarding experience. I have designed and conducted IT training programs for individuals in rural areas, empowering them with computer literacy and technical skills. Collaborating with the AKRSP team has been supportive, and the organization's commitment to staying updated with technology has enhanced our training effectiveness. It has been an honor to contribute to AKRSP's mission of empowering rural communities through education and skill development.

2021-03 -
Current

IT Instructor

Isahrd Pakistan, Gilgit

Working with ISAHRD Pakistan as an IT Instructor has been a fulfilling experience. I have successfully designed and delivered IT training programs, equipping students with valuable technical skills. The supportive and collaborative environment within ISAHRD has enhanced the effectiveness of our training initiatives. It is gratifying to contribute to the organization's efforts in empowering individuals through education and IT expertise.
